Centre for Colloboration of Industries and Institutions-CCII

Bharathiar University

About Bharathiar University:

The Bharathiar University was established at Coimbatore by the Government of Tamilnadu in February, 1982 under the provisions of the Bharathiar University Act, 1981 (Act 1 of 1982). The University named after the great national poet **Subramania Bharathi** is enshrined with the motto **"Educate to Elevate"**. In the University, every effort is harnessed to realize the dream of making educational institutions as temple of learning. It is the aim of the University to participate in the task of inculcating necessary Knowledge, Skills and Creative Attitudes and values among the youth of the country to contribute more effectively towards establishing an equitable social, economic and secular ideals of our nation. **The Centre for Collaboration of Industry and Institution (CCII)** is an approved Institutional Programme Division of Bharathiar University under which industries and Institutions are permitted to offer Degree and Post Graduate Degree Programmes.

About CoEDF:

The growth in the complexity and size of cyber crimes has resulted in the obvious viz., a strong need to have comprehensive forensic processes run by those who understand both technology and law and are able to challenge some of the best technical brains behind cyber crimes. The competence of cyber criminals today surpasses the general competence of Forensic/Security professionals who are either investigating the crime or are supporting such investigations. This competency gap, together with a strong need to build skill sets to meet the growing demand in various aspects of cyber crime management has been a primary trigger in the formation of this **Center of Excellence in Digital Forensics (CoEDF)** which offers the following Unique Knowledge Propositions (UKP):

- Blending contemporary industry experience with academic rigor.

- All class-room learning supported by lab work and field work.

- Close relationship with researchers to bring in cutting edge technology.

- Courseware regularly updated to reflect changing skill set requirements.

- Continuous assessment with detailed feedback.

As a joint venture the **CoEDF** and the **CCII of Bharathiar Unviersity** offers a Post Graduate Programme in Information Security and Digital Forensics at **Chennai and Coimbatore.**

❖ M.Sc., INFORMATION SECURITY AND DIGITAL FORENSICS

The curriculum focuses on:

- Digital Forensics Investigation,

- Network & Database Security Forensics

- Cyber Criminology, Cyber Law

- Cloud Security & Forensics,

- Disaster Recovery Management

- IT Governance, Risk & Compliance

- Advanced Information Security & Social Media Forensics

- Investigation of Cyber Crime with hands on training In Cyber Forensics as practical sessions.
